

DUNWOODY

I'm an RN and for a time, worked for an Oral Surgeon. I'd rate Dr. Blair right up there with the Very Best! When he extracted my teeth, there was no pain, just a little discomfort. The implants were done quickly and again, no pain. He's personable and the consummate professional! His office is run like a well oiled time machine. There was no waiting. His office staff was also pleasant and courteous. They are all an asset to Dr. Blair's Practice. I highly recommend his services.

CARTERSVILLE

Dr. Hall and all of the staff were great! I would definitely recommend them!

NEWNAN

I came in with pain, which never makes an experience great. Dr. Gonzalez was very kind (great bedside manner). Everyone on staff was helpful, professional, compassionate, and friendly. They went over and above to make sure I understood all of my options, and got me taken care of promptly. There were even "get well" flowers! Definitely recommend!

ROME

I had a back tooth pulled today because of an abscess that had gone into my sinus cavity because I cracked the filling in my root from grinding my teeth. When I first met Dr. Nunn for my first appointment I wasn't very sure about him but I have had dental anxiety from a previous dentist years ago. Today when I went in he could tell I was nervous but he was amazing and was constantly telling me what he was going to be doing before he did it, constantly asking to make sure I didn't feel any pain. His staff is also amazing, I would recommend him and his staff. I'm looking forward to him doing my implant.

CUMMING

As a pediatric RN, I appreciated the professionalism and attention to detail throughout the entire process of having an implant. The procedure was totally pain free and with an excellent outcome. Dr. Meaders is easy to talk to and explains the process in detail, I would highly recommend this practice and staff.

DOUGLASVILLE

I am a paraplegic and I need a power wheelchair to get around. The great thing about my experience with Atlanta Oral and Facial Surgery in Douglasville was that they were able to do the procedure right from my chair. I truly appreciate Dr. Treadway and his staff for making my extractions as easy and as comfortable as they did.

HEMBREE

Really helped me with my TMJ. Less headaches and able to sleep better without the muscle spasms I was having. I recommend Dr. David. He's been great.

SUGARLOAF

Dr. Chris Jo and his team were phenomenal! I was absolutely terrified and nervous about getting all four of my wisdom teeth out but whole procedure was extremely quick and painless. I haven't had any severe pain or swelling and like another review said, any slight pain was gone with the prescribed medication. Again, highly recommend Dr. Jo and his team, can't thank them enough!

CANTON

The staff at Atlanta Oral and Facial Surgery was amazing. Anna was the most thoughtful and intelligent assistant and Maranda's humor made my appointment fun. Dr. Krager was a great doctor to talk to and I would trust him with any care I need.

COMPANY HIGHLIGHTS

Gate City Brewing Happy Hour

The Roswell, Hembree, Dunwoody, and Alpharetta territories gathered for a super fun happy hour event at Gate City Brewing Company. There were snacks, goodies to take home, and tons of socializing. It was a great event!

COMPANY HIGHLIGHTS

Full Arch: Restoration 101

The Sugar Hill, Johns Creek, Cumming, Sugarloaf, and Hamilton Mill territories had a successful Full Arch event at Frankie's the Steakhouse .

Our referrals had a great time and were very engaged in Dr. Drago's lecture.

We love having referrals that continuously support us and come out to learn with us.

We look forward to our next Full Arch event!

COMPANY HIGHLIGHTS

Unlocking the Elevated Dental Practice

Cyndi Roussert lectured at our most recent Hygiene Program at Mac's Chophouse for the Kennestone, East Cobb, and West Cobb referrals. It was a great turnout. Some referrals won raffle prizes and everyone had lots of party favors to take home, which is always exciting!

COMPANY HIGHLIGHTS

Employee Referral Bonus Opportunity!

REFER A FRIEND, START EARNING

Beacon is expanding & we want your help to spread the word!

EARN UP TO \$1,000 PER REFERRAL!

Give the candidate your referral card or share on social media. Ask them to send you their resume, which you then must forward to HR to start the process.

PAYOUT DATES				
Interview	30 Days	90 Days	6 Months	Total
\$25	\$150	\$250	\$575	\$1,000

We are excited to announce our new Employee Referral Program! Do you know a friend, past colleague or peer with great skills and experience? Would they make a great addition to the Beacon family? We value your referrals and understand our own team knows the best candidates. Help us build a team of dedicated professionals like you! Referral cards are coming! Write your email address on them and hand them out to potential employees. Beacon's Indeed page with our current openings is attached to the QR code below and it is continually updated. Feel free to share the QR code.

A few guidelines:

- There is no limit on number of referrals.
- Employees will receive bonus within two weeks of each stage.
- Employee must be active on the payout date to receive bonus.
- Candidates already in the recruiting process are not applicable.
- Internal promotions or transfers are not eligible.
- Leaders are not eligible for new hires within their own department.

BRAND FOUNDATIONS

Brand Foundations Focus: Core Values

What are Core Values?

They are the guiding principles for how AOFS works to fulfill its mission.

WHY AOFS VALUES COMPASSION?

- Compassion has four components. It means paying attention to the other person – listening with fascination, coming to an understanding of what is causing the other person difficulty or pain or distress, having an empathic response, and finally taking thoughtful or intelligent action to help them.
- Atlanta Oral and Facial Surgery compassion drives commitment to serving others.

WHO IS THE AUDIENCE?

First and foremost, it's the AOFS team. However, your core values likely will connect with others, such as current and prospective patients, referring dentists, community organizations and more.

WHY IS IT ESSENTIAL?

They provide direction for surgeons, staff and clients to help tell others more about who you are.

UPCOMING EVENTS

Unlocking the Elevated Dental Practice

Dental practices need to be diligent when working with patients, and the transition when treating complex cases. Cyndi will take you through her processes in ensuring not only great patient care but how to transition patients through the treatment planning stages from the restorative practice to the surgical team.
