

SUGAR HILL

Professional, friendly staff, but most important to me, is the expertise of [Dr. Belinfante](#). I highly recommend this office!!! His assistant on the day of procedure was so friendly and kind, and the doctor even called the next day to check on me! I only wish I had found this office sooner when my kids needed their wisdom teeth out, they are the best! 5 star office all the way around!!

WEST COBB

I was referred [Dr Nunn](#) by my dentist. He was very knowledgeable and great to work with! I highly recommend using him and Atlanta Oral & Facial Surgery.

EAST COBB

My daughter had her 2 bottom wisdom teeth pulled by [Dr Levy](#) and I can't explain what an amazing way he had with my daughter. The staff is professional and caring. Dr Levy and his team went above and beyond to make sure my daughter had a successful surgery. If you need a top notch oral surgeon and want to be treated like family choose Dr Levy and his team!

WOODSTOCK

I chose [Dr. McGhee](#) because of his education, work experience, and because he is the second generation in this family business. He has completed two extraction and implant procedures for me and I have never been disappointed. He, his office staff, and his office facilities are all top of the line. And Dr. McGhee, his medical staff and his office staff are all thorough and kind. I am very grateful for their care.

CALHOUN

I was very nervous about getting my wisdom teeth taken out, but [Dr. Levy](#) & his team made me feel nothing but comfortable during the whole process. His technique left me with minimal pain & swelling. I could not have imagined an experience better than mine at AOFS with Dr. Levy & his team. I highly recommend you & your family go see them for your dental needs.

KENNESTONE

I just want to give a huge shout out to Kaleigh and Joel! These 2 women have been AMAZING since last January! From being so fast at responding and getting all claims filled and straightened out. They are these best!

ROSWELL

[Dr. Velez](#) and his team, (Donna) are super nice. Very thorough, informative, and competent. I feel completely at ease with them and would recommend anyone who has an oral surgery need.

FAYETTEVILLE

[Dr. Cole](#), Shelby, and the entire staff are amazing. They are very knowledgeable. They made me feel very comfortable about my procedure. I would definitely recommend this place to friends and family.

JOHNS CREEK

I had a consult today for a molar extraction. I did not receive great news but the office staff and [Dr Meaders](#) were exemplary. They explained everything in detail and my surgery was scheduled quickly. They gave me written notes of both pre- and post-op surgery. I am extremely pleased with the care I received today.

HAPPY HALLOWEEN, AOFSS!
